The **Terra Nova Floating Production Storage and Offloading Vessel (FPSO)** (46°28'31.8"N., 48°28'51.6"W.) is located about 20 miles SE of the Hibernia Gravity Based Structure. Three traffic control zones, subject to Canadian law, have been established to protect the FPSO vessel, Mobile Offshore Drilling Units (MODU), and any surface and sub-surface installations associated with the Terra Nova field from collisions with other vessels. Vessels approaching the area must contact the Terra Nova FPSO or MODU on either VHF channel 16 or GMDSS. The three traffic control zones are, as follows:

1. **Zone 1.**—A Precautionary Zone, with a radius of 10 miles, centered on the above position of the FPSO. Prior to entering the Precautionary Zone, vessels must advise the FPSO or MODU of their position, course, and intention to pass through the area. Vessels are not permitted to approach within 5 miles of the FPSO or MODU, except as described in Zone 2 and Zone 3 below.

2. **Zone 2.**—A Safety Zone, with a radius of 5 miles, centered on the above position of the FPSO. Vessels wishing to enter the Safety Zone, including Terra Nova support vessels and fishing vessels, must obtain permission from the FPSO or MODU. At the termination of the visit, vessels must advise the FPSO or MODU when clear of the Safety Zone. Vessels are not permitted to approach within 3 miles of the FPSO or MODU, except for Terra Nova support vessels or fishing vessels operating with FPSO approval.

3. **Zone 3.**—A Fisheries Exclusion Zone, bound by lines joining points lying 500m from the four active Terra Nova drilling centers, as follows:

- a. 46°29'39.0"N, 48°29'30.0"W.
- b. 46°29'33.0"N, 48°27'17.4"W.
- c. 46°27'30.6"N, 48°30'12.0"W.
- d. 46°27'06.0"N, 48°27'24.6"W.

Fishing vessels are prohibited from fishing in or passing through the Fisheries Exclusion Zone at any time or within 50m of the MODU anchor pattern.
