

IMPORTANT INFORMATION

The Notice to Mariners is published by the National Geospatial-Intelligence Agency (NGA), under the authority of Department of Defense Directive 5105.40, to advise mariners of important matters affecting navigational safety, including new hydrographic discoveries, changes in channels and navigational aids, etc. (U.S. Code Title 10, Sec. 442 and Title 44, Sec. 1336 refer). Nothing in the arrangement of information implies endorsement or acceptance by NGA in matters affecting the status and boundaries of States and territories. The Notice to Mariners presents corrective information affecting charts, NGA/DLIS Catalog of Maps Charts and Related Products, Coast Pilots, Sailing Directions, Fleet Guides, USCG Light Lists, NGA List of Lights, Radio Navigational Aids and other products produced by the National Geospatial-Intelligence Agency, National Ocean Service and U.S. Coast Guard.

Information for the Notice to Mariners is contributed by the following Agencies: National Geospatial-Intelligence Agency (NGA) (Department of Defense) for waters outside the territorial limits of the United States; National Ocean Service (NOS) (Department of Commerce), which is charged with the surveys and charting of the coasts and harbors of the United States and its territories; the U.S. Coast Guard (USCG) (Department of Homeland Security), which is responsible for the safety of life at sea and the establishment and operation of aids to navigation; and the U.S. Army Corps of Engineers (Department of Defense), which is charged with the improvement of rivers and harbors of the United States. In addition, important contributions are made by foreign hydrographic offices and cooperating observers of all nationalities.

For further information concerning NGA hydrographic products and services, including the Maritime Safety Web site, users may contact:

The Maritime Safety Web site can be accessed directly at <http://www.nga.mil/maritime>. For your convenience NGA provides four e-mail addresses. For information affecting Notice to Mariners use NavNotices@nga.mil, for information affecting Sailing Directions and all other navigational publications use NAV PUBS@nga.mil, for information concerning the Maritime Safety Web site, use webmaster_nss@nga.mil and for information concerning the World Wide Navigational Warning Service, use NavSafety@nga.mil.

Mariners are requested to notify NGA of discrepancies in charts and publications, using the Marine Information Report and Suggestion Sheet at the back of this Notice to Mariners. This form should also be used to report permanent changes, additions, or deletions from charted or published information. Reports which constitute an immediate hazard to navigation should be sent to the nearest NAVAREA Coordinator via coast radio stations. All reports are greatly appreciated. Marine Information Report and Suggestion sheets received during the past week were submitted by the following observers:

Observer	Ship/Organization
R. Smith	TUG BRENDAN BOUCHARD

Cover Photo: The **USS SHREVEPORT (LPD-12)** is one of the *Austin* class of amphibious transport dock ships and was built at Lockheed Shipbuilding and Construction Company of Seattle, Washington. She was named for Captain Henry Miller Shreve, a prominent steamboat captain who pioneered the development of trade on the Mississippi River and its tributaries and the Louisiana city which bears his name. The **SHREVEPORT** was designed to exploit the concept of "vertical envelopment" in amphibious warfare. Assault aircraft and landing craft from the "Super Gator" provided a formidable force on both sea and land. The ship's armament included two 25mm MK 38 machine guns, two Phalanx Close-in Weapons Systems (CIWS) and eight 50-cal. machine guns. Aircraft included two CH-46/CH-53 or four UH-1/AH-1, or two AV-8B Harriers. Assault craft were one LCU or one LCAC, or two LCM-8 or four LCM-6. Propulsion was provided by two Foster-Wheeler boilers and two De Laval steam turbines that provided 24,000 shaft horsepower and a speed of 21 knots. The **USS SHREVEPORT** was 570 feet long, had a beam of 100 feet, a draft of 23 feet, and displaced 17,000 tons fully loaded. She was crewed by 24 officers and 400 enlisted, accommodated 840 troops and 90 flag staff. After 37 years of service, the **USS SHREVEPORT** was decommissioned September 26, 2007 and towed to Philadelphia, PA.
