

## IMPORTANT INFORMATION

The Notice to Mariners is published by the National Geospatial-Intelligence Agency (NGA), under the authority of Department of Defense Directive 5105.40, to advise mariners of important matters affecting navigational safety, including new hydrographic discoveries, changes in channels and navigational aids, etc. (U.S. Code Title 10, Sec. 442 and Title 44, Sec. 1336 refer). Nothing in the arrangement of information implies endorsement or acceptance by NGA in matters affecting the status and boundaries of States and territories. The Notice to Mariners presents corrective information affecting charts, NGA/DLIS Catalog of Maps Charts and Related Products, Coast Pilots, Sailing Directions, Fleet Guides, USCG Light Lists, NGA List of Lights, Radio Navigational Aids and other products produced by the National Geospatial-Intelligence Agency, National Ocean Service and U.S. Coast Guard.

Information for the Notice to Mariners is contributed by the following Agencies: National Geospatial-Intelligence Agency (NGA) (Department of Defense) for waters outside the territorial limits of the United States; National Ocean Service (NOS) (Department of Commerce), which is charged with the surveys and charting of the coasts and harbors of the United States and its territories; the U.S. Coast Guard (USCG) (Department of Homeland Security), which is responsible for the safety of life at sea and the establishment and operation of aids to navigation; and the U.S. Army Corps of Engineers (Department of Defense), which is charged with the improvement of rivers and harbors of the United States. In addition, important contributions are made by foreign hydrographic offices and cooperating observers of all nationalities.

For further information concerning NGA hydrographic products and services, including the Maritime Safety Web site, users may contact:

The Maritime Safety Web site can be accessed directly at <http://www.nga.mil/maritime>. For your convenience NGA provides four e-mail addresses. For information affecting Notice to Mariners use [NavNotices@nga.mil](mailto:NavNotices@nga.mil), for information affecting Sailing Directions and all other navigational publications use [NAV PUBS@nga.mil](mailto:NAV PUBS@nga.mil), for information concerning the Maritime Safety Web site, use [webmaster\\_nss@nga.mil](mailto:webmaster_nss@nga.mil) and for information concerning the World Wide Navigational Warning Service, use [NavSafety@nga.mil](mailto:NavSafety@nga.mil).

Mariners are requested to notify NGA of discrepancies in charts and publications, using the Marine Information Report and Suggestion Sheet at the back of this Notice to Mariners. This form should also be used to report permanent changes, additions, or deletions from charted or published information. Reports which constitute an immediate hazard to navigation should be sent to the nearest NAVAREA Coordinator via coast radio stations. All reports are greatly appreciated. Marine Information Report and Suggestion sheets received during the past week were submitted by the following observers:

<b>Observer</b>	<b>Ship/Organization</b>
Second Officer Helen Freeman	USNS POMEROY
Mashkoor Malik	University of New Hampshire
LCDR Victor Sheldon	USS SCOUT

**Cover Photo:** The USCGC DALLAS (WHEC-716) is the sixth cutter to bear the name Alexander J. Dallas, the Secretary of the Treasury under President James Madison and was built at Avondale Shipyard in New Orleans, LA. She serves as one of the most capable cutters on the east coast and continues to serve the nation's interest both close to home and overseas. Upon commissioning in 1967 she was stationed at Governor's Island, NY and operated in the North Atlantic Ocean. DALLAS transferred to the Pacific and conducted seven combat patrols off the coast of Vietnam. In the 1980's and 90's USCGC DALLAS performed maritime interdiction operations in the Caribbean Sea and Atlantic Ocean and was selected to operate with the U.S. Sixth Fleet in the Mediterranean Sea. She served as the command ship for two humanitarian operations (Mariel boatlift and the Haitian migrant crises) and the search and rescue operations following the Space Shuttle Challenger disaster. Following the terrorist attacks of September 11, 2001, DALLAS deployed as part of Operation Noble Eagle off the southeastern coast of the United States to interrogate and board vessels entering U.S. waterways and remained an integral part of the nation's counter-drug strategy by taking a leading role in the Caribbean Sea operating area. USCGC DALLAS recently provided immense support to production elements of NGA with updated information on a number of ports in North Africa and the Mediterranean. DALLAS has a length of 378 feet, a beam of 43 feet, displaces 3300 tons and is powered by a combination of diesel and gas turbine engines. Her homeport is Charleston, SC.
