

IMPORTANT INFORMATION

The Notice to Mariners is published by the National Geospatial-Intelligence Agency (NGA), under the authority of Department of Defense Directive 5105.40, to advise mariners of important matters affecting navigational safety, including new hydrographic discoveries, changes in channels and navigational aids, etc. (U.S. Code Title 10, Sec. 442 and Title 44, Sec. 1336 refer). Nothing in the arrangement of information implies endorsement or acceptance by NGA in matters affecting the status and boundaries of States and territories. The Notice to Mariners presents corrective information affecting charts, NGA/DLIS Catalog of Maps Charts and Related Products, Coast Pilots, Sailing Directions, Fleet Guides, USCG Light Lists, NGA List of Lights, Radio Navigational Aids and other products produced by the National Geospatial-Intelligence Agency, National Ocean Service and U.S. Coast Guard.

Information for the Notice to Mariners is contributed by the following Agencies: National Geospatial-Intelligence Agency (NGA) (Department of Defense) for waters outside the territorial limits of the United States; National Ocean Service (NOS) (Department of Commerce), which is charged with the surveys and charting of the coasts and harbors of the United States and its territories; the U.S. Coast Guard (USCG) (Department of Homeland Security), which is responsible for the safety of life at sea and the establishment and operation of aids to navigation; and the U.S. Army Corps of Engineers (Department of Defense), which is charged with the improvement of rivers and harbors of the United States. In addition, important contributions are made by foreign hydrographic offices and cooperating observers of all nationalities.

For further information concerning NGA hydrographic products and services, including the Maritime Safety Web site, users may contact:

The Maritime Safety Web site can be accessed directly at <http://www.nga.mil/maritime>. For your convenience NGA provides four e-mail addresses. For information affecting Notice to Mariners use NavNotices@nga.mil, for information affecting Sailing Directions and all other navigational publications use NAVPubs@nga.mil, for information concerning the Maritime Safety Web site, use webmaster_nss@nga.mil and for information concerning the World Wide Navigational Warning Service, use NavSafety@nga.mil.

Mariners are requested to notify NGA of discrepancies in charts and publications, using the Marine Information Report and Suggestion Sheet at the back of this Notice to Mariners. This form should also be used to report permanent changes, additions, or deletions from charted or published information. Reports which constitute an immediate hazard to navigation should be sent to the nearest NAVAREA Coordinator via coast radio stations. All reports are greatly appreciated. Marine Information Report and Suggestion sheets received during the past week were submitted by the following observers:

| Observer | Ship/Organization |
|----------------------|--------------------------|
| Robert McCormick | CCGD SEVENTEEN |
| LCDR Eric St. Pierre | USCGC HEALY |
| QM2 J. Delvalle | USS SIMPSON |

Cover Photo: The **USS CITY OF CORPUS CHRISTI (SSN-705)** is the eighteenth fast attack submarine of the *Los Angeles* class built at the Electric Boat Division of General Dynamics Corporation in Groton, CT and commissioned January 8, 1983. She was named for the major seaport city of Corpus Christi, TX which was founded in 1839 and is the second naval vessel to bear the name. **CITY OF CORPUS CHRISTI** was designed to seek and destroy enemy submarines and surface ships, project power ashore with Tomahawk cruise missiles and Special Operations Forces, carry out Intelligence, Surveillance and Reconnaissance (ISR) missions, support Carrier Strike Groups and engage in mine warfare. **CITY OF CORPUS CHRISTI** is 360 feet long, has a beam of 33 feet, displaces 6,900 tons, carries Tomahawk missiles and MK-48 torpedoes. In 2002 she arrived at her new homeport of Guam as the first *Los Angeles* class fast attack submarine and was the first to deploy to the western Pacific. Guam's location offers significant savings in both time and distance for submarines and provides increased days of operations, exercises and engagement to help close the gap in meeting mission and contingency response requirements. Her crew consists of 14 Officers and 123 Enlisted.
